Minutes of the Westhampnett Parish Council Meeting held at 7pm on Monday 8th August 2022 at Westhampnett Community Hall, Hadrian Drive, Westhampnett, PO18 0FP

Present:

Parish Councillors: Cllr W Holden (Vice-Chairman, and Chairman of the meeting), Cllr T Ashcroft, Cllr S Burborough, Cllr C Moth, Cllr S James (arrived at 7.40pm due to traffic delays caused by a serious accident) and Cllr Plummer.

The meeting was clerked by Parish Clerk, Mrs Linda F Lanham, with CDC Cllr H Potter in attendance.

9 members of the public also attended.

<u>Minute No</u>	<u>Item</u>	<u>Action</u>
164/22	<u>OPEN FULL COUNCIL MEETING & TAKE APOLOGIES FOR ABSENCE</u> Cllr Holden opened the meeting and welcomed all. Apologies received from Cllr C McLeish and WSCC Cllr J Hunt.	
165/22	<u>DISCLOSURE OF INTERESTS:</u> Cllr Burborough – as an employee of Rolls Royce.	
166/22	<u>CONFIRM MINUTES OF THE LAST FULL PC MEETING held on 11th July 2022</u> The Minutes for the Parish Council meeting held on 11th July 2022 were accepted. Cllr Burborough proposed that they be approved, this was seconded by Cllr Ashcroft, all were in favour and they were then signed by the Chairman.	
167/22	<u>MATTERS ARISING:</u> To deal with any matters arising from the Minutes of the last meeting. <u>HWRS – Foul Odours:</u> The Parish Clerk reported that Mrs Brown would be having a meeting with WSCC Paul Madden on 10 th August 2022.	
168/22	<u>REPORTS FROM EXTERNAL BODIES:</u> including District and County Councillors and local organisations; reports to be submitted by email to the Parish Clerk for circulation to Councillors prior to the meeting. Questions to be taken at the meeting. <u>CDC Cllr Henry Potter submitted the following report:</u> <i>Westhampnett PC meeting 8th August '22.</i> <i>CDC Members Report.</i> <i>On Friday 15th of last month I attended an online 'Workshop' held by Southern Water last Friday where they opened a consultation period to engage with their customers. They admit without reservation their poor track record and proposed many measures they will be pursuing in the future.</i> <i>First of all, with an estimated population growth of 7%, which I believe to be an UNDER estimate, by 2040, the South East of England will see a SHORTFALL in water supply of 1 billion litres per day. Unless we all take steps to reduce our water consumption considerably, we could be in a serious situation, though this is less likely to affect us as our water is supplied by Portsmouth Water. However PW do export and sell water extracted from the Lavant Valley to Southern Water so in the long term this could affect Chichester District. At least SW are now considering a de-salination plant at Littlehampton but that could be as late as 2040, 18 years hence. They also expect by 2050 to reduce to zero!! storm water overflows of the networks. Some slight comfort for residents in the District but within 28 years?? They have recently started to line leaking laterals which cause so many problems in the Lavant Valley Villages when the water table is high.</i> <i>There will be more on this as the consultation progresses.</i> <i>Again last month, I attended a reception promoted by Gillian Keegan, to meet many of the refugees from Ukraine who have been welcomed into the homes of so many of our caring residents in Chichester District. The amount of help which is available to help these people to settle into some sort of routine is quite amazing. There are young women continuing to 'work from home' in their jobs back home, some have begun work</i>

here, I know of one young girl who has secured a job in the horticultural business on Tangmere Airfield. There are about 160 refugees here in the Chichester area and it was just so encouraging to learn that there is so much help available for them.

Residents may have read in the local paper that Diane Shepherd, our CEO has written a bid for £13.7 million from the Governments 'Levelling Up Fund' towards much needed improvements in the City. These include improved facilities for some of the old buildings in Priory Park, one of which is the neglected cricket pavilion, the public toilets are in need of a complete refit and provision of disabled toilets and a much-needed uplift to the Children's Play Area. There has also been much interest in creating an attractive 'Park' area in West Street along the length from the now empty Morants / Army and Navy Store to the Cross with tree planting and flower beds. Also there are plans to make the northern gyratory around Metro House and the Fire Station a more user-friendly area for pedestrians and cyclists. These proposals have been agreed with other Party Members and Cllr. Adrian Moss the opposition leader has given his full backing to this bid. I will add that the reconstruction of the northern gyratory is a feature of the Chichester Vision document for consideration in the future which was drawn up along with the Southern Gateway Project 4-5 years ago. More of this later in the year when bids are considered and awarded.

And that concludes my report.

Cllr. Henry Potter.

CDC Member, Goodwood Ward

There were no questions on the report.

Cllr Potter and Cllr Burborough reported that Bus No: 55 is no longer going to the Tangmere Museum.

Cllr Potter advised he has been aware of the ongoing smell issues at HWRS and new doors are being fitted. Cllr Burborough re-iterated that some of the smell comes off the road. The Parish Clerk was asked to write to the Environment Agency regarding HWRS with extracts of several months Minutes to illustrate the issues.

The Councillors suggested a Resolution stating "The Councillors noted the contents and understood the Code". This was voted upon and the Resolution was passed unanimously.</p>	
<p>170/22</p>	<p>MEMBERS' REPORTS: To receive reports from Members where not covered in agenda below, including</p> <ol style="list-style-type: none"> 1. <u>Gigabit Voucher Scheme</u> – Hazel Bates reported that the Scheme has been approved and it will be about 10-12 months before installation done. The fibre is installed via overhead wire. It is still possible to sign up now until all vouchers validated, circa 1st September 2022. 2. <u>Village Gates</u> – Cllr Plummer reported that "the statutory notices have now gone up at the sites proposed, 28 days must elapse before we can proceed to the next step. We have three quotes, the lowest is from Vinyl Fencing in Littlehampton (local villages have used and recommended) at a cost of £3310 +VAT. Subject to no objections we would need to place order with a four-week delivery estimate. We would then need to appoint a licensed ground works company to install, the plan is to see if we can call in a favour from one of the local developers. Where possible we will reuse existing signs, the only one that needs to be replaced is at Maudlin as this was damaged during recent works. I have not yet received an estimate for this, or requested for Westerton, plan is to get agreement to gates in the first instance". The Parish Council would need to approve the supplier at the next meeting. 3. <u>Madgwick Park Landscaping, Safety Barrier etc:</u> A) Cllr Plummer reported that the safety barrier is now in place. B) The complaint is now waiting on a person who is on holiday, Cllr Plummer will go back to Andrew Frost to progress. C) The Management Company on MP (EMRC) are now adhering to the watering plan, but CDC appear to have no real appetite to enforce. Mr Andrew Blanchard, a resident, said the trees were not planted properly. Mr Ian Sedgley, a resident of Madgwick Park, said he had been so concerned about the landscaping he had written to the MD of DWH and made a complaint to CDC, and there is an open enforcement case. Cllr Plummer will draft an email to be circulated to the Councillors prior to being sent by the Parish Clerk to Mr Andrew Frost, copy to the MD of DWH and EMRC. <p>HP left the meeting at 7-40pm & Cllr S James arrived</p> <ol style="list-style-type: none"> 4. <u>Container for Volunteers</u> – Cllr Plummer reported that the "proposal is to purchase unit/units for safe storage of volunteers' equipment and workshop for maintenance. Local provider has given quote for two units (to enable ease of installation) both 20ft x 8 ft, one will just have normal lockable cargo doors at the end for storage of flammables and equipment. The second would have normal cargo doors plus two windows and a normal door for use as a workshop, all with steel shutters. They would come with power and lighting installed but we would have to provide supply and foundations. It is understood that planning is not required as they are temporary structures, but recommendation is to engage with local authority and neighbours to minimise risk of objection. The units would be provided in a "Forest green" finish. The cost is within original expectations with units coming in at about £9k plus approximately £3k to install and fit out. Next step is to agree if funding is available to progress to next steps, but concern is that current arrangements may impact upon insurance of hall and a degree of urgency is encouraged." The question was raised as to whether to rent or buy and sell on after use. If rented, once x years old, it is replaced with a new one by rental company. Estimated lifespan is 20 years but they do need maintenance. 	<p><u>DP</u></p> <p><u>DP / LFL</u></p>

(NB: Later found to have been held in waiting as too large, now received by the Parish Clerk, and to be actioned).</p> <p>6. <u>GACC Meeting 21st July 2022</u>– Cllr Plummer advised he attended this meeting. Only major item to report is that Goodwood have challenged the recent Appeal Decision regarding houses on the Land North of Madgwick Lane as they believe the Planning Inspectorate have mis-interpreted the Local Plan, there is no allowance for additional traffic in Madgwick Lane, and Helicopter safety. PC must comment by 10/08/22

The following comments were lodged on 05/08/22:

Westhampnett Parish Council has considered this application and wishes to OBJECT as follows:

This is an application for a Lawful Development Certificate for an existing Use or Operation or Activity, namely stationing one caravan for residential purposes.

It has been demonstrated that there has been continuous occupation of the caravan since 15 August 2011, i.e. almost 11 years.

The application appears to attempt to regularise this situation, thus providing a permanent dwelling albeit currently in the form of a caravan.

The site upon which the caravan is situated is outside the Parish settlement boundary and would not normally be considered for a permanent dwelling.

The site was formerly called Side Green Game Farm. Turkeys were reared there for Christmas and it is probable that the caravan was originally installed to provide accommodation for someone to live on site to prevent theft of the turkeys.

No mention is made in the application for a current requirement for permanent on-site residential security. Indeed, no mention is made for any purpose other than to regularise the existing situation.

The Parish Council therefore requests that the application is REFUSED for the following reasons:

1. The site upon which the caravan is situated is outside the Parish settlement boundary.
2. No mention is made for any Operation or Activity necessary for the caravan's occupants to remain on site, other than to regularise the existing situation.

The following comments were lodged on 24/07/22:

Westhampnett Parish Council have considered this application and would like to Comment as follows:

Size.

The proposed rear ground floor extension extends 6.5M from the face of the existing property. CDC planning officers are requested to confirm that the right of light at ground floor level to Ash Keys, the adjacent property, is not compromised using the 60° rule.

Windows.

Timber windows are used in the older properties along Stane Street, of which this is one. No alterations are proposed to the existing timber windows on the north and first floor south elevations.

The factory finished metal side-hung casements or metal & glass doors proposed for the extension appear to be out of keeping with the existing.

Roof Tiles.

The roof tiles on the proposed extension should be in keeping with the current property. The proposed light green slate tiles will be out of keeping.

Render Finish.

It is stated that "The new walls are finished externally in painted render." No colour is mentioned.

Other Matters

Chichester Local Plan Review 2020 version of the Council's Housing and Economic Land Availability Assessment (HELAA) document.

The PC have been advised of this review which includes Westhampnett, and further comments are to be prepared.

In July 2021 CDC Members considered a report "Local Plan and Strategic Infrastructure Update 1" and since then have been working on details of this report. On 19/01/22 CDC Planning Policy department advised the PC that sites within the District / Parishes are under consideration and confirmed that a meeting with the Parish Council could be arranged.

The Parish Clerk emailed Mr Toby Ayling on 05/02/22 to ask him to a face-to-face site meeting to review the HELAA sites in the Parish, in person. Toby has now left CDC, and Mr Tony Whitty has replaced him as Planning Policy Divisional Manager. Emailed Tony on 08/03/22 asking for a meeting. Reply awaited. Dates now offered and one to be agreed with PC, with meeting to be attended by Mr Andrew Frost, Director of Planning and Environment and Mr Tony Whitty.

The Parish Council met Mr Andrew Frost and Mr Tony Whitty, via Zoom, on 25th April. This meeting was also attended by CDC Cllr Henry Potter, WPC Cllrs, Mrs Jean Hardstaff and the Parish Clerk.

Mr Andrew Frost gave an update on the current position of the Local Plan for the area, and the background work currently being undertaken. The constraints of the local area were highlighted (A27, other local roads, SDNP etc) and he advised that CDC must look exhaustively at all options.

The HELAA sites within Westhampnett were discussed in depth, and it was clear that there was more work to be done by CDC prior to their decision on suitability. Mr Andrew Frost confirmed that Mr Tony Whitty would be keeping the Parish Council informed.

At the Parish Council meeting held on 13th June 2022, the Parish Councillors discussed the Planning Inspectorate decision upholding the appeal for residential development on Madgwick Lane. The Parish Clerk was requested to write to Mr Andrew Frost, CDC Director of Planning, copied to Cllr Potter stating: "Now that this housing has been allowed the Parish Council will object to further housing in Westhampnett and ask that proposals for more housing and land use are not included in the numbers".

The Parish Clerk sent an email to Mr Andrew Frost, copied to CDC Cllr H Potter, on 22nd July 2022:

Extract:

The Parish Council feel most strongly that the Parish has had enough housing in recent years and it must be allowed to settle as a larger community, now to include another 165 houses. The Parish Council would be most grateful if this important factor could be taken into consideration and no further Parish areas be included in the proposed Local Plan.

A reply was received from Mr Frost on 26th July 2022:

Extract:

As I think you are aware from our meeting in April, we are continuing to work on the remaining evidence to support the local plan strategy, particularly in relation to transport issues and so no decisions about housing numbers have yet been made. I do nevertheless acknowledge the concerns of the parish council in respect of the appeal decision and have asked Tony Whitty, Planning Policy Divisional Manager to consider the implications for the local plan.

We will update you again in due course.
